April 20, 2016

Construction Notice

A Contract has been awarded by the City of Twinsburg to *Perrin Asphalt Company* for the *2016 Road Improvements Project*. This construction will consist of concrete curb repair, storm basin repairs, upgrading handicapped ramps, lawn restoration of disturbed areas, full width asphalt grinding, concrete/asphalt repairs followed by asphalt resurfacing of the street.

You will have access to your driveway although there will be delays at time during curb or apron replacement and asphalt resurfacing. Pavement repairs on your street are estimated to take about two to three weeks, from start to finish, weather permitting. Please contact *Perrin's office* regarding any underground lawn sprinklers in your treelawn area.

Work will begin the *week of May 2nd on Burton Drive, Gardner, Appleby, Bierce, Merino, Zenas, Brighton Circle & Framingham lane.*

Work on these streets should be completed by May 25th, weather permitting.

Traffic will be maintained at all locations for residents, safety vehicles, school buses, mail delivery and rubbish pickup. Signs, barricades and cones will surround all work areas. Construction superintendent will meet with all business owners and residents before concrete curb work/apron repairs are performed at or in *their driveway apron*. Please drive slowly and safely through all construction areas.

The City of Twinsburg Engineering Department's representative on site full time will be Dan Moczadlo.
Office – 330.963.6235 Cell – 330.486.7053

If you have any questions or concerns, please call the office at 330-253-1020. Office hours are Monday through Friday – 8:00 A.M. to 5:00 P.M. ***In case of an emergency*** beyond regular business hours, please contact Chuck Perrin at ***330.571-0465 (Cell)***.
